

WINESTIMATOR®

THE LEADING PROVIDER OF COST ESTIMATING SOLUTIONS

WinEst Pro Plus®

At The Core of a Profitable Project is the Integrated Project Estimate

The WinEst estimating software empowers the professional estimator to rapidly create, manage, and easily update project cost estimates. Save time, avoid errors, archive estimates, and customize your business documents by using the WinEst Pro Plus solution.

WinEst Pro Plus

WinEst Pro Plus is essential to efficient integrated estimating, cost information gathering, bidding, and buying. Pro Plus also allows customers to take advantage of online eProcurement.

Unleash virtual access to your cost information and create faster and more accurate estimates. Pro Plus will allow you to produce high quality, variable use estimating output.

“No one has come close to the power of estimating and presentation that WinEst has. We wouldn't trust any other program to perform our estimates”

- Eric Rose,
E.M. Rose Builders
